Sahil Dave

Uber Bangladesh Limited
Dhaka, Bangladesh

**Request for Proposal: Marketing Activation, Outdoor Media and Government Liaison
Vendor, Bangladesh**

Dear Mr Dave,

AD PRO Communications Ltd. is pleased to submit its response to Uber Bangladesh's request for proposal. The complete technical and commercial proposal, covering Parts 4 and 5, is enclosed on our letterhead in PDF as the invitation asks.

One thing separates it from most of what you will read. **AD PRO owns fifty-eight LED screens across ten Bangladeshi cities and holds the permission for every one of them in its own name.** Most agencies answering this brief would have to rent what you are asking for and pass the cost on. We do not, which is why every rate in Part 5 is the operator's rate, and why the zero-markup undertaking Part 3 asks for costs us nothing to give.

The permissions desk is our own rather than a subcontractor's. Part 4.4 names the nine authorities we file with; Part 4.8 sets out the two-key rule, under which nothing is installed without both Uber's written approval and the external permission on file.

We confirm our capability and intention to participate, our acceptance of NET60 and of your Services Agreement without redlines, and our capacity to deliver the full scope for a one-year term.

- 1 Strategic plan and commercial proposal, 21 pages, on AD PRO letterhead
- 2 Company profile, and the presentation deck for the later round
- 3 Uber mutual non-disclosure agreement, completed and returned
- 4 Annexures A to L, including every source rate proposal behind Part 5

Commercial and bid: +880 1958 503755, mkt.adpro@gmail.com. Escalation: +880 1763 924619, info@adpro.com.bd. We contract from our registered office at 37/2 Purana Paltan (9th floor), Fayanz Apartment, Dhaka 1000, and would welcome the chance to present this in person. Yours sincerely,

ABM Zakaria Habib
Chairman and Chief Executive Officer
AD PRO Communications Ltd.
